# TOPSOIL & MULCH

## TOPSOIL

It all begins with the dirt. And at Evans, we know about dirt! Our topsoil is top-notch. We have soil amendments that you can add based upon your specific needs. Choose from topsoil, manure, mushroom compost, leaf compost, peat moss or pine fines. We also have a special mix just for gardens: Supersoil. Not sure what you need? Just ask! Our team is here to help.

All of our topsoil is covered, dry, shredded and screened. It's available for pick-up or delivery, and we'll be happy to do all of the dirty work for you. Just ask, and for that perfectly manicured look, we'll send a slinger truck or blower truck to your home to place the soil for you.

## MULCH

Nothing says spring like the aroma of fresh mulch! Here at Evans, we have a huge selection of mulch. You want it, we have it! Black, dark brown, red, gold, auburn, cedar, cypress or hardwood. Get it by the bag or bulk, and it's available for pick-up or delivery. We'll even do the work for you. Let our express mulch blowers do the heavy lifting, saving you time and muscle strain. We also have pine straw and mulch for your playground or dog run.

# FIREWOOD & FIREPLACES

## OUTDOOR FIREPLACES

Heat up your outdoor living space with an economical new fireplace that can be installed in a day, rather than weeks. Evans Stoneworks has developed a prefabricated shell made up of masonry units that fit together on site. The outside of the unit is then customized to coordinate with the style of the space, using stone, brick, or stucco. Evans Stoneworks also creates beautiful custom fireplaces to create an outdoor living space that you will enjoy for years to come.

## RETAINING WALL

The addition of a retaining wall to your landscape can serve a necessary purpose, as well as add to the overall beauty of an outdoor space. Our expert design team and landscapers will work with you to achieve the hardscape appearance you desire. We offer a diverse selection of materials, sourced from Evans Stoneworks that is sure to complement the surroundings that your unique landscaping needs.

**ZACH PETERSON**

Zach began working in the field during his college summers more than 15 years ago, and now serves as our General Counsel and Chief Financial Officer. His past experience in the field uniquely positions him to grasp the operations of the Company and to bridge the gap between the office and the field. Outside of work, Zach is a law professor and enjoys spending time outdoors with his family.

**LANG EVANS**

Lang is a project manager and supervisor. He oversees the many production operations that occur daily here at our facility. Lang also works in the field on various projects, managing the complex challenges and requirements that are vital in guaranteeing a top quality finished product.

**DAVE HABIG**

After 24 years, Dave, our other Sales Manager, has seen it all and can figure out what it should cost. Coach Dave loves community sports: just ask wife Jennifer and their two kids.

**ADAM CLIFTON**

Adam is a Project Manager and has been with Evans for over 19 years. He loves sports, the outdoors, and spending time with his wife Kristen and their three children.

**BARRY LUPPERT**

Barry manages Round Bottom Rental, our neighboring rental business that provides the most comprehensive range of equipment needed to get the job done. Barry offers his knowledge and expertise to our customers as they begin their projects. In his free time, he enjoys the company of his wife and grandkids. Barry has been with Evans Landscaping for 25 years.

**JIM BAILEY**

Even after 31 years, Jim, our VP, still gets a kick out of working as our Chief Demolition and Excavation Project Manager and Estimator. When he's not spending time with wife Mary and their three kids, he'd rather be fishing or outdoorsman.

**JAKE MEAGHER**

As our Landscape Department Manager, he keeps the crews running according to plan each day. After 27 years, he's got it down to a science. He works 24 hours a day—running all of our snow removal services. For relaxation, Jake, his wife Mary and their four kids retreat to the family farm.

**TOM HINKSTON**

Tom is a supervisor, keeping numerous daily operations running at an efficient pace. A specialist in multi-tasking, Tom handles the needs of Evans' customers, provides scheduling and communication to our crew on the road and maintains productive workflow and service out of the front office. Tom has over 20 years experience in the trucking industry.

**LUIS ARMANDO**

Luis has been working with Evans for 10 + years. He manages our topsoil and stoneworks operations. Luis spends his free time with his 2 wonderful young kids.

**DOUG EVANS**

Doug is our founder and not surprisingly has the most tenure, at over 40 years. He does a little bit of everything supporting Evans and enjoys spending time with his three children.
